

**Melanie:** What's the address of the web site?

**Ron:** It's [www.TheVerseOfTheDay.info](http://www.TheVerseOfTheDay.info)

**Melanie:** [www.TheVerseOfTheDay.info](http://www.TheVerseOfTheDay.info) And what are some of the responses you have had from people who have visited the web site?

**Ron:** I get a lot of people on there who have first come from a search engine - like "Google" for example. There is a lot of people who are going onto the Internet who are struggling with depression and family problems who are needing hope and needing encouragement. I get a lot of people who taken time to send me a short note thanking me for helping them through a really difficult few months in their lives. There are other people are asking for prayer, but have re-put their hope in God again and are looking to God for hope again. So I think family problems and depression have been the top two themes I have been dealing with this year.

**Melanie:** According to the apostle Paul it is good to laugh with those who laugh and weep with those who weep. And today if you may need some encouragement take it from one who knows the power of God's word. Visit The Verse Of The Day . Info . This is UCB Canada talking with Ron Piggott. Thanks Ron.

**Ron:** You are very welcome Melanie. Thanks for having me.

### **To My Fellow Labourers in the Lord Jesus:**

Following my Bible college studies I started an Internet Christian ministry as a hobby. At the time the Internet was in it's infancy. With my enjoyment of computer programming this was an excellent way of applying my studies.

In 2006 I became physically handicapped. The disease I suffered with at three years old came back in the form of severe arthritis in both my hip joints. It was at this time the Lord began to grow the Internet ministry He gave to me. The comfort the Lord was giving me I was in turn able to share with the users of my web site. Over the past six years many hurting people have found comfort, renewal and encouragement from the Lord as they have reflected on God's Word and the Bible study tools offered.

The Verse of the Day web site revolves around a daily devotion that is free of charge and without obligation to the subscribers. This is augmented with various Bible study tools, activities and devotions. I would like to reach out and support your community. Would you share this flyer to the people you share God's love with in your ministry?

In Christ,

Ron Piggott

**Ron Piggott Interviewed By  
Melanie on December 2<sup>nd</sup> 2011**

**Melanie:** Ron Piggott knows the power of encouragement, especially the power of God's word in healing weary souls. His passion for encouraging others motivated him to learn to write web site codes and create a web site to introduce people to the healing power and love of God. Ron welcome to UCB Canada.

**Ron:** Thank you very much Melanie.

**Melanie:** Now can you describe the web site you have created?

**Ron:** Yes I would be glad to. What I have focused on is a 'Verse of the Day' web site. The web site revolves around a daily devotional and then there are various Bible study tools, activities and other devotionals for people to use. The purpose or hope is to get people into God's word and looking to Him in their daily lives.

**Melanie:** There are literally millions of web sites, but this web site is unique

because the creator is unique. Ron is confined to a wheelchair due to a physical condition that includes, at times, extreme pain, and makes it impossible for him to work many hours each day. Ron how does this tie into your web site? How does your life style, what you have been through and continue to go through tie into what you have created?

**Ron:** What's been on my mind very heavily is 2 Corinthians 1:3-4

*"Blessed by the God and Father of our Lord Jesus Christ, the Father of mercies and God of all comfort, who comforts us in all our affliction so that we will be able to comfort those who are in any affliction with the comfort with what we ourselves are comforted by God"* (NASB)

During the challenges I have gone through I have become comfortable looking to the Lord, to pray for and commit the concerns I have each day with my health and the pain I go through. What I have tried to do is share the encouraging Bible verses that have helped me and other thoughts I have reflected on during the past few years in learning to trust that God is there and also be able to know and accept that the Lord is able to handle our problems. Even though it is hard coming to God and saying "I'm weak" He is indeed faithful during these times to look to Him for hope and courage to keep going. What I have done and hope to share is the hope I have found with the people who come online and give them hope each day to face their lives.
